**Re: Consulting work by BM Tourism and Hospitality Consultants – Bruce McKay**

This serves to confirm Bruce McKay on behalf of BM Tourism and Hospitality Consultant was involved during the planning and design execution phases of Noupoort Resort, Piketberg.

Bruce originally became involved as a member of the professional team to assist with the formalizing of the client brief. The services were then extended and he became an active member of the design team in terms of practical and economically feasible use of space. The end result being a well-designed resort, offering versatility to a demanding market and furthermore assisting the professional team in satisfying the requirements of the client as well as local authorities and Department of Environmental Affairs on this high sensitivity site.

Following the successful design phase Bruce the assisted the client with sound financial and management advice on the project. Bruce's input was always very professional, timeous and of great assistance in fast tracking the project

. All approvals have since been finalised and the project will enter into construction in the near future.

Please contact me should you require further detail.

Yours truly.

Rudi Rutters  
Pr. Architect.
